## COMPANY OVERVIEW

Established in 2009, JTF GOV stands as a distinguished provider of secure workflow solutions, catering primarily to the Federal Government. Our expertise is anchored in addressing complex document solution challenges with a strategic focus on business strategy, cutting-edge technology, and user experience. We excel in delivering advanced technology solutions complemented by superior service and consulting proficiency.

JTF offers CONUS and OCONUS covering Europe and Asia. JTF is a federally focused company, whose employees are committed to working with government agencies to solve technical challenges and implement workflow efficiencies. JTF supports mission critical programs that expedite DOD and Civilian challenges, protect sensitive data, streamline document workflows, resolve network bottlenecks, prevent security breaches, and enable our government to operate as a dynamic force.

## MAJOR AWARDS & RECOGNITIONS
